YARN USAGE

3 months: 200 g

6 months: 250 g

MATERIALS

Buttons

Double pointed and Circular knitting needles:
3,5 mm

Gauge: 26 sts = 10 cm

The given amounts of yarn are for guidance only.

Cable over 4 sts for jacket

- r 1 *p4, k4*
r 2 *k4, p4*
r 3 same as r 1
r 4 *p4, place 2 sts on auxiliary needle in front of the work. Knit 2sts from right needle, then knit the 2 sts from the aux needle*

Button hole for jacket

Worked over the 6 sts of the button tape:
k2, bind off 2, k2.

In the next row, cast on 2 sts above the 2 sts previously bound off.

For a nicer edge of the button tape as well as of the hood, it is possible to slip the first stitch purl wise with the thread in front of the work - knit this stitch in the next row.

The sleeves can be knitted with double pointed needles or a 80 cm circular needle with magic loop.

ABBREVIATIONS AND DEFINITIONS

St(s)	Stitch(es)
r	Row(s)
k	Knit
p	Purl
yo	Yarn over
p2tog	Purl 2 sts together.
...	Repeat what is shown in these stars to the end of the row.
(..)	At the end of the line, specifies the number of st of the row for both sizes. Size 6 months appears within brackets. Sizes: 3 months (6 months).

Vintage

- a wonderful wool yarn with bamboo

The bamboo adds softness and lightness to the yarn, and the wool contributes with its well-known excellent durability.

Wool is a sturdy material that requires very little washing and lasts for a very long time. It is one of the reasons why some consider wool to be among the most sustainable materials.

Vintage is perfect for crocheting and knitting small animals that you want to give a "woolen" look. It is also suitable for a nice sweater.

70% Wool, 30% Bamboo,
25 g/60 m.

CABLED JACKET WITH HOOD 3 MONTHS (6 MONTHS)

BACK / FRONT

Cast on 150 (180) sts on needle 3,5 and knit 4 r of ribbing - k1, p1.

Start and end each r with k6 for the button tape.

Make the first button hole after 4 "(garter stitch) ridges" and the next one after 9 (11) "ridges".

Place the button holes on the desired side of the jacket.

Start cable pattern on the wrong side of the work, increasing by 2 (4) sts for a total of 152 (184) sts.

Continue to knit until 14 (17) cm high.

Divide the work into front and back pieces: 40 (48) for each front piece and 72 (88) for the back.

Start with the right front piece.

Knit until the armhole measure 7 (8) cm.

Do not forget the button holes.

UK

Decrease for the neckline every other row as follows:

Bind off the 6 sts of the button tape.

Bind off 3 x 3 sts, 2 sts, 1 st (4 sts, 3 sts, 2 sts, 1 st).

22 (32) sts remain. The armhole measures 11 (12) cm.

Place the sts on a safety pin and knit the left front piece mirroring the right piece - the last button hole will be placed before the last 4 "ridges" of the chosen side.

Knit the back piece until 9 (10) cm high.

Place the 22 central sts on a safety pin and finish the two sides separately.

For the neck, bind off 2, 1 (1, 0) sts each other row. 22 (32) sts remain.

Place one front onto the back piece facing by right side, knit the sts front and back together, bind off at the same time.

Mirror the procedure with the other front piece.

SLEEVE(S)

Pick up 54 (60) sts on the right side of the armhole.

Work in inverted stocking stitch, e.g. the first row is knitted on the wrong side of the work, including 4 sts cable pattern in the centre of the sleeve.

Decrease on each side of the sleeve as follows:

p1, p2tog, knit the cables as they appear, until 3 sts are left in this row, p2tog, p1.

Repeat decreases every 1,5 cm, in total 8 (9) times.

38 (42) sts remain on the needle.

When the sleeve is 14 (17) cm long, knit 4 r ribbing k1, p1.

Bind off.

HOOD

Cast on 4 sts and pick up 21 sts from the neckline (start with the 5th bound off st from the button tape and see that the picked up sts lie in a way that the cables already existing on the front pieces below can be continued), knit the 22 sts of the back, pick up 21 sts over the other front piece (the last one being the 5th st of the bound off button tape), cast on 4 new sts for a total of 72 sts for both sizes.

Knit 10 (4) rows before the increases, which will start on the wrong side.

Knit flat starting and ending each row with k6 on both sides of the hood.

Make sure that the cable pattern meets the cable pattern of the jacket, starting/ending on each side with 4 sts after/before the edge.

There should be 7 cables in a row.

Now increase on the wrong side between the cables, after the 1st cable and on each side of each cable until the last one - e.g. increase by 12 sts each 8th (10th) row, another 2 (3) times, until a total of 108 (120) stitches is reached.
Knit until 19 (21) cm high.

Split the sts evenly over two needles and fold right side onto right side.
Knit the sts together and bind off at the same time.

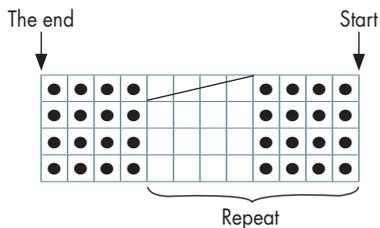

FINISH

Sew under the sleeves, sew in the ends and sew on the buttons.

FINAL MEASUREMENTS OF THE HOODED JACKET

Length: 24 (28) cm.
Circumference: 55 (58) cm.

CHART

● = p on right side, k on wrong side

□ = k on right side, p on wrong side

 = Cable pattern: transfer the first 2 sts on an auxiliary N in front of the work, knit the next 2 sts, knit the 2 sts of the aux N

UK

Good to know

Needle Size & Tension

Knitters knit very differently: some knit with a needle size 2,0 mm and obtain the same size of design quality as a person who knits with a needle size 4,0 mm. We owe this knowledge to the team of knitters who join us.

The key to knit a specific size is a lot about the knitting style/hands/skills, rather than the size of needles.
